Messrs Primrose and Lavelle can certainly draw pay hereafter their Escort bills forwarded direct to the Comptroller like other Asst Commrs &c

The order ✱ appointing them should, I think, be taken to commence from the date of the Asst Conservs Communication to us, viz, 5 April 1895 —

I am afraid that any application to give retrospective effect to the appointment will not be sanctioned by the Govt of India —

Mr Primrose came into the Mysore Service at the commencement of Geological operations that is about August 1894 His pay has since then been paid as Prospectors Wages Mr Lavelle came in later

The Govt of India's orders about anticipating their sanction are distinct — that we should not do so —

Sir,

I have the honour to invite attention to my letter No. 206 of the 2nd instant and to request that early orders may be passed thereon. Should it however take some time for the Government to arrive at a decision regarding the dates from which the appointments of Messrs Lavelle and Penrose should take effect I beg that the Comptroller may be instructed

to pass their pay bills for the current month, as the drawing of their salaries on special bills to be previously sanctioned by Government causes much delay and inconvenience to them.
